

## EMBLEM NON-DETERGENT MOTOR OILS

**EMBLEM** Non-Detergent Motor Oils are basic non-detergent motor oils with oxidation stability designed for gasoline engine use under mild conditions where minimum protection is required. Motor oils designed for API SB service have been used for many years to provide anti-scuff capability, resistance to oil oxidation, and bearing corrosion.

### Typical Properties

SAE GRADE	10	20	30	40	50
Viscosity, SUS @ 210 °F	43	52	64	78	98
Viscosity, SUS @ 100 °F	147	300	440	800	1250
Viscosity Index	100	100	95	95	95
Gravity °API	29.2	28.4	28.1	26.2	26.3
Flash Point COC °F	360	400	435	445	470
Pour Point °F	- 20	- 10	0	+ 10	+ 20
Color	3	3	+ 4	+4 1/2	+ 5

**API Service: SB**
