

EMBLEM PALEX OILS

EMBLEM Palex Oils are low pour naphthenic base pale oils without additives and are best suited where "straight" oils are recommended or preferred. The natural low carbon and detergency keep moving and internal parts clean. Palex oils are ideally suited for air and ammonia compressors and stationary diesel engines in mild service where the low carbon of Palex oil keeps pistons, rings and valves operation clean and trouble free.

Typical Properties

GRADE	100	300	500
Viscosity, SUS @ 100 °F	110	295-315	490-525
Gravity °API	27.5	25-27	25-27
Flash Point COC °F	315	360	420
Fire Point COC °F	355	415	450
Pour Point °F	- 15	0	0
Color	1.5	2.0	2.5
