

EMBLEM R-68 OIL

EMBLEM R-68 Oil is developed primarily for ammonia compressors where the manufacturer prefers a pour-depressed oil. **EMBLEM** R-68 may also be used to lubricate industrial ice machines as well as air compressors and some ball and roller bearings.

Typical Properties

Viscosity, SUS @ 100 °F	300-315
Gravity °API	29-31
Flash Point COC °F	415
Fire Point COC °F	465
Pour Point °F	- 25
Color	2.0
