

EMBLEM HIVAC 26

EMBLEM Hivac 26 is a high quality, non-additive mineral oil for use in vacuum pumps, engine and bearing lubrication.

EMBLEM Hivac 26 features low carbon forming characteristics which minimizes carbon build-up on compressor discharge valves and hot machine surfaces.

EMBLEM Hivac high viscosity index assures minimum change in viscosity due to temperature change.

Typical Properties

Viscosity, SUS @ 210 °F	47
Viscosity, SUS @ 100 °F	207
Viscosity Index	105
Gravity °API	26-28
Flash Point COC °F	410
Pour Point °F	0
Color, ASTM D 1500 Max	1.0
